RE: Unified Federal Policy for Ensuring a Watershed Approach to Federal Land and Resources Management

Dear Members of the Content Analysis Enterprise Team:

I am writing to inform you that the Interstate Stream Commission is regretfully unable to provide comments on the above-referenced policy, due to the stringent demands placed on staff members of both the Interstate Stream Commission and the Office of the State Engineer to review a number of draft environmental impact statements issued by the various federal agencies.

Sincerely,

Thomas C. Turney

Thomas C. Turney, P.E.
State Engineer
Secretary, Interstate Stream Commission
