

# Starting ArcMap

- Click on the Start button at the bottom left of your screen
- Select Programs, then ArcInfo, then ArcMap
- Initially, the screen will be split into a small Layers frame on the left and a large Map frame on the right

# Starting ArcMap, cont'd

- A Tools toolbar will be shown in the Map frame. You can move it to the gray area above the Map frame by grabbing the blue band at the top of the Tools box (hold down left mouse button) and moving it up out of the Map frame
- Holding your cursor over the items in the bar causes their definitions to be shown
