Congressional District: 8th

Principal Investigators:

Ric W. Jensen

Texas A&M University

C. Allan Jones

Texas Texas Agricultural Experiment Station

Abstract

The TWRI Information Transfer Program will consist of production of four newsletters, including "Texas Water Resources," "New Waves," "Texas on-Sights," and "Texas Water Savers." Will also include maintenance of the TWRI World Wide Web Site including articles, photos, and technical reports. Internet listservers will be used to communicate with members and other stakeholders on a daily basis. Special publications and projects will be produced as needed.
