

# Integrated Water Resources Science and Services: Governance Meeting

## ANNOTATED AGENDA

IWRSS Governance Meeting

December 18, 2017; 1:00-2:00 PM ET

Call-in Number: 866-712-1241; Participant Code: 10437565

- 1:00 Larry McCallister | Welcome and Introductions
- Angela Gladwell, FEMA
  - Tom Graziano, NOAA
  - Larry McCallister, USACE
  - Don Cline, USGS
- 1:05 Larry McCallister | Approve Meeting Minutes  
[Meeting Materials: September 8, 2017 Meeting Minutes](#)
- 1:10 TOM GRAZIANO | National Water Center Open House and Technology Showcase  
The National Water Center Open House is scheduled for March 27th at the National Water Center in Tuscaloosa, Alabama. The goal of the event is to establish to the invited guests that the National Water Center is critical to federal water prediction.
- Topping the guest list is Senator Shelby. Legislative Affairs will be engaged on whether other congressional members from surrounding jurisdictions should also be invited.
  - In addition to highlighting the National Water Center Operations Center, it is envisioned that stations will be set up around the building to highlight the tools/services/programs from the following exhibitors:
    - NOAA;
    - CUAHSI/NSF/Summer Institute;
    - USGS
    - USACE/Engineer Research and Development Center (ERDC), Mobile District of the USACE;
    - DHS/David Alexander (Chief Geospatial Scientist | FLOOD APEX Program Manager); and
    - University of Alabama.
  - Questions for the IWRSS Leads:
    - What are the particular agency tools/services/programs you would like showcase at the Open House?
    - Are there other federal agency tools/services/programs you would like to see exhibited?
    - Who is the target audience?

1:55 LARRY McCALLISTER | Close and Next Actions
