Office of Water Quality Water-Quality Information Note 2008.06

Subject: Software—new LOADEST web page

The purpose of this Note is to announce the availability of a homepage for the LOADEST software package. The direct link to the publicly-accessible page is:

<http://water.usgs.gov/software/loadest/>

The page can also be found under “Statistics and Graphics” on the Water Resources Software Applications page at <http://water.usgs.gov/software.html>.

The LOADEST homepage includes access to the software documentation, a subpage for downloading the software, a list of frequently asked questions, and more. A list of published LOADEST applications is also included. Rob Runkel (runkel@usgs.gov) maintains the page. Please contact Rob if you have questions or have LOADEST-related publications that you would like to have linked to the LOADEST page.

If this Note was forwarded to you and you'd like to have your name placed on the WaQI Notes distribution, please send email to nlsnow@usgs.gov.

WaQI Notes are archived on the Office of Water Quality web site,
